86 Dark Blue

### QUALITY FURNITURE SINCE 1968

PBJ Designhouse was founded in 1968 by Per Buhl Jørgensen. Since 1996 the proud design and craftsmanship tradition has been carried on by Morten Svendsen, and the company has invested in larger production facilities to follow the strong demand.

### DANISH DESIGN

PBJ Designhouse has a tradition of bringing together furniture architects and certified cabinet makers since the start.

This has turned the company into an exponent of Denmark's proud traditions in furniture – when creativity and quality unite, the result reaches new heights.

### FURNITURE WITH A CONSCIENCE

All wood used at PBJ Designhouse comes from state approved plantations, where the logs are individually selected and gently harvested.

We often produce furniture with veneer. The reason for this is twofold. It reduces the use of solid timber, thereby conserving natural resources. Secondly, the MDF that the veneer cover is made with recycled wood which is better for the environment whilst still producing a strong and high-quality surface.

All of our timber and veneer are carefully hand sorted so that the grain patterns and color variations are as natural as possible.
